

12" All Stainless Steel Letterplates

For 40–80mm Door Profiles

Ultra Flexible Springs

Outward facing brushes create the Anti-Vandal feature as it prevents vandals from placing unwanted items into the cavity

Outward facing, draft proof brushes

180 degree opening flap means the flap will not snap off when opened too far

Blind bolts to the exterior of the letterplate prevents the outer frame being unscrewed from the door externally

An internal water seal prevents water getting into the door or panel, and stops letters getting wet

Ultra-flexible springs can withstand the letterbox flap opening thousands of times without breaking

Blind bolts to the exterior

180° Opening

Conforms to many standards and testing requirements including BS EN 1303:2005
