High Security Escutcheon

The High Security Escutcheon finishes are made from 304 grade stainless steel, and are part of the UAP Nanocoast range.

nanocoast® hardware
Resilient to salt air

Lifetime Coating Guarantee

Available in three finishes

Suitable for all composite doors

The UAP Nanocoast range of products are specifically designed for areas which are within a 25 mile radius of the coast, or within 5 miles of highly populated industrial areas. Each High Security Escutcheon has been salt spray tested to ASTM B117 for 2,000 hours, and comes with an industry first LIFETIME coating guarantee, as the High Security Escutcheon will not pit, rust or corrode no matter what environments you put them in!

2000 hours salt spray tested

Made from 304 grade Stainless Steel

Bevelled edge makes gripping more difficult to pull off

Comes with high tensile strength fixing bolts

Finishes	Product Code PDS	Coating Guarantee
PVD Gold	HSEPVDG	Lifetime
Satin Stainless	HSESSS	Lifetime
Mirror Polished Stainless Steel	HSEMPSS	Lifetime

Maintenance

High Security Escutcheons are, by their very nature, objects that require regular cleaning toremove build-up of dirt and salt particles from the atmosphere, from factories and vehicles. The High Security Escutcheons MUST be cleaned with a very mild soap solutionand a soft cloth at least once a month and every 2 weeks in areas of high sea salt such as coastal areas.

NEVER USE ABRASIVE CLEANERS

If the High Security Escutcheons are not properly maintained then this guarantee will be null and void. This guarantee does not cover any misuse of the Escutcheons, howsoever caused, and is limited solely to pitting and rusting from natural causes.

High Security Escutcheon

There are three finishes available:

Mirror Polished   PVD Gold   Satin Stainless Steel

To make the door furniture suite together, we have introduced a range of UAP escutcheons which are designed go around the UAP euro cylinders in order to create a professional looking door. These escutcheons can be suited to the UAP door knob in order to give a colour matched door hardware solution!

Contemporary design with a smooth finish
