LIMITED

**LETTERS AND  
NUMERALS**

**QUALITY PRODUCTS THAT DON'T COST THE EARTH**

## INTRODUCTION

UAP Limited was established in 1996 and has since become a leading UK supplier and distributor of decorative door hardware and specialised Locksmith tools and security products. With 15 years of quality products, excellent service and competitive prices, UAP has grown from strength to strength, year on year and expanded significantly. We have an in house Research & Development Department, meaning we are constantly enhancing our current ranges as well as introducing innovative state-of-the-art products that are not only practical and beautifully designed, but also put through stringent quality control checks at every stage of development. From door knockers, door viewers, letter plates, letters and numerals to cylinder locks, security products and more, all of our products are available in a wide range of sizes, colours, materials and finishes to ensure we can meet every possible requirement.

## AN ETHICAL APPROACH TO BUSINESS

'Quality Products That Don't Cost The Earth' isn't just our sales slogan, but a statement about our wider philosophy. It means we value our people and our planet and we are keen to make a positive difference to the wider communities we touch through our work and via the profits we make.

For everyone at UAP, our ethical policy isn't just a statement that is allowed to gather dust in a file somewhere, but rather something we all show through taking real action. So in practice this means;

### **Reducing our carbon footprint:**

Thanks to the UK registered charity 'Plant-a-tree-today.org' we have offset all of our carbon emissions. We have funded the planting of more than 56,000 trees over the course of a three year reforestation project, which will enable the reintroduction of many endangered and native wildlife. We have now finished the installation of solar panels on our buildings.

### **Environmentally friendly fleet:**

All of our company cars are environmentally friendly hybrids to reduce our impact on the environment.

### **School projects:**

After teaming up with local charity, DCWC Nepal, we have helped to fund the building of 5 much needed community primary schools in one of the poorest countries in the world. Before the scheme, children as young as 5 years old had to endure an exhausting and dangerous 4 hour walk to and from school, 6 days a week. To raise awareness of this worthy cause, we have worked closely with former Coronation Street star Sean Wilson, best known as Martin Platt, who opened the schools on our behalf. To date, the scheme has given more than 1,000 children the opportunity to learn and better their lives.

### **Charity support:**

In 2010, we hosted a Charity Ball to raise vital funds for DCWC Nepal to immunise 10,000 children from tuberculosis. In the wake of the 2011 tsunami and earthquake disaster in Japan, we supported the Red Cross through donations. We have also supported Comic Relief through the charity bids known as 'Twit Relief'. On top of this, several members of staff participate in charity runs every year to raise money for The Christie and Breast Cancer Research UK.

## BRANDS

**UAP:** Our outlet for decorative door hardware and security products for the trade.

**Universal Imports:** Our outlet for decorative door hardware and security products for the retail market.

**TradeLocks:** Our outlet for specialised Locksmith tools and security products for the trade.

**Hidden Fix:** Our patent applied for technology which leaves no visible signs of product fixings to doors.

**Nanocoast®:** Our pollution and corrosion resistant product range with up to 10 year coastal guarantees.

## POLICIES & GUARANTEES

**48 Hour Delivery Policy\*:** Our 48 hour delivery promise is targeted on all stocked products.

**5 Year Product Guarantee:** All products inside this brochure come with up to a 5 year guarantee, except for the Nanocoast™ range which is 10 years.

**Salt Spray Testing:** All of our Letters & Numerals in this catalogue have been salt spray tested to ASTM B117 for 480 hours, apart from the Nanocoast® range which has been salt spray tested for 2,000 hours.

**Anodised Coatings:** The anodised coating used on our Aluminium Letters & Numerals conform to ISO 7599 AA15 and comes with a 10 year colour fastness guarantee.

**Guarantees:** The guarantees mentioned in this brochure are for guidance only and unless otherwise stated, only relates to products being used in inland areas which are defined as 25 miles from the coast, or 5 miles from highly polluted industrial areas. Please ask your UAP account manager for copies of the guarantee wording covering your product of interest and please talk to your account manager about any specific application you might have.
