

FRAMEMASTER 12 INCH LETTERPLATE

For 20–40mm uPVC doors and 40–80mm composite and wooden doors.

Ultra Flexible Springs

Awarded Secured by Design approval by the Association of Chief Police Officers

Outward facing, draft proof brushes

Outward facing brushes create the Anti-Vandal feature as it prevents vandals from placing unwanted items into the cavity

Matt finished plastic frame conceals any scratches that may be caused by screwdrivers during installation

An internal water seal prevents water getting into the door or panel, and stops letters getting wet

Blind bolts to the exterior

Conforms to many standards and testing requirements including BS EN 1303:2005

180° Opening

39 mm Sleeve Height

39mm cavity requires a 39.75mm door cut height. This is under the 40mm maximum for the standard, so someone's arm can't fit through.
