# Tradelocks Membership Scheme

## What Are Tradelocks Membership Levels?

We have recently introduced Tradelocks Membership levels to [www.tradelocks.co.uk](http://www.tradelocks.co.uk), making Tradelocks BIGGER and BETTER with our FREE Membership scheme loaded with fantastic freebies!

Each month, your membership level will be determined by your spend in the previous month, and this will be automatically re-assigned on a monthly basis!

The higher your membership level, the bigger discount you will receive across the whole range on [www.tradelocks.co.uk](http://www.tradelocks.co.uk)!

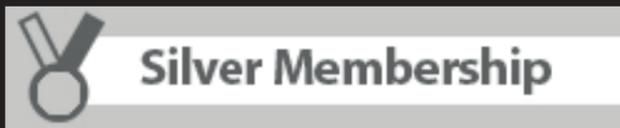

Each month, you will also receive a FREE gift in your basket:

**Monthly Spend: £0 - £49.99**  
Benefits: Greater Price Discounts than Standard Website

**Monthly Spend: £50 - £249.99**  
FREE MONTHLY GIFT WORTH £9.99!!!  
Benefits: Greater Price Discounts than Standard Website

**Monthly Spend: £250 - £499.99**  
FREE MONTHLY GIFT WORTH £24.99!!!  
Benefits: Greater Price Discounts than Bronze Membership

**Monthly Spend: £500 - £999.99**  
FREE MONTHLY GIFT WORTH £49.99!!!  
Benefits: Greater Price Discounts than Silver Membership

**Monthly Spend: £1,000+**  
FREE MONTHLY GIFT WORTH £99.99!!!  
Benefits: Greater Price Discounts than Gold Memberships

So create an account and logon [www.tradelocks.co.uk](http://www.tradelocks.co.uk) today and get saving. Whether you are a novice locksmith, or have years of experience, Tradelocks is the number one place to visit for all your locksmith tool needs!

The Tradelocks uPVC and Composite Door Opening Kit is designed for those people who need to gain lawful access to a domestic property, or who are just starting out in the locksmith trade

The Kit contains the following:

- Budget Cylinder Snapper Bar
- Door Spreader
- Door Spindle Handle (Only available in the Tradelocks uPVC Door Opening Kit)
- Tradelocks Cylinder Cam Turner
- Coach Bolts (Only available in the Tradelocks uPVC Door Opening Kit)
- Genuine Lishi Air Wedge
- Door Handle Drill Point Template (Only available in the Tradelocks uPVC Door Opening Kit)

TL-DOOROPENINGKIT

There are a variety of ways that you can defeat a lock but certainly the fastest and easiest is with a Cylinder Snapper Bar. In a matter of seconds, you will be able to snap the euro or oval cylinder and manipulate the door into opening.

Capable of snapping cylinders with a minimum 2-3mm overhang!

Premium Cylinder Snapper Bar

### Cam Turner

Once the cylinder has been snapped, the lock still needs to be opened, and the cylinder cam turner is the tool to help you do this easily!

Tradelocks Cylinder Cam Turner  
TLCAMTURNER

The use of door spreaders today has grown quickly with the widespread replacement of standard doors with uPVC doors.

Medium Air Wedge

LISHIAIRBAG-MEDIUM

If you are a professional locksmith and are looking for a fast and easy alternative to standard cylinder lock picking, then consider the 3rd generation Electric Pick Gun Set. Re-developed from the original EPG, we looked at 3 different aspects;

1. We added a tensioner, developed with industry legend Ken Peterson. The twist in the tensioner adds balance and strength, giving increased control.
2. We have improved the battery pack giving longer life power performance, and improved the soldered joints, including the quality of the on/off button.
3. We have added a plug spinning gun with auto attachment to add high rotation torque to be applied to the plug while picking the lock. This enables the lower pins to move across a shear line and helps prevent drivers from dropping into the lower chambers!

Eurocell Modus  
The Landlords Lock  
Triple Glazing

Available with a removable thumbturn

Over 800,000 different key combinations!

Unrestricted keyway — easier for customers to get keys cut

Conforms to latest En1303 standards

Full keyed alike and mastersuite services available

### SACRIFICIAL CUT

The cylinder has a Sacrificial cut on each side, so when force is applied to either end, the cylinder will break away to the sacrificial cut line only, leaving the remaining cylinder operational and the locking mechanism intact

### ANTI BUMP

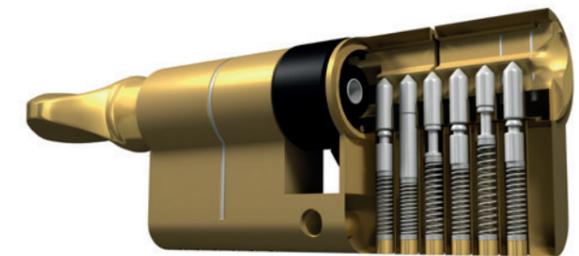

The cylinder has a unique and patented anti-bump system which does not use trap pins. This system makes the turning of the cylinder key extra smooth.

### ANTI DRILL

7 x hardened steel anti-drill pins are in each side of the cylinder. Plus all moving pins are nickel plated hardened steel 50 HRC minimum.

### ANTI PICK

Minimum of 3 anti-pick pins in each side of the cylinder makes it extremely difficult for a common burglar to pick the cylinder.

UAP 6 Pin Rim Cylinders

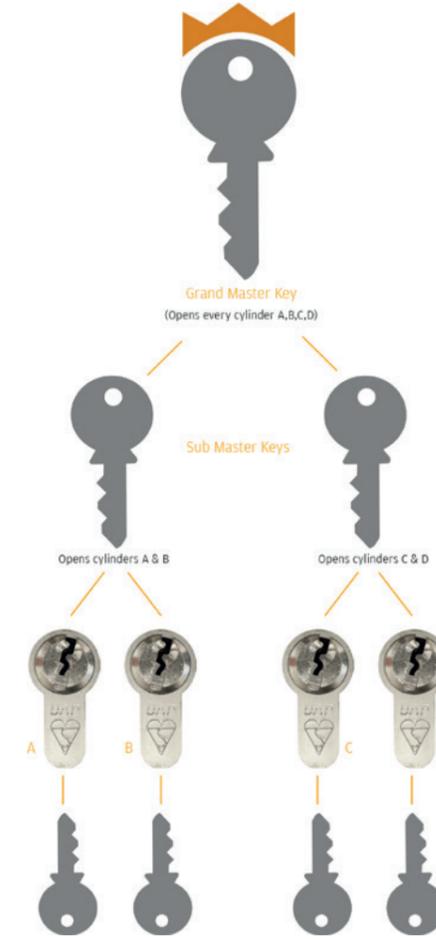

Each UAP Rim Cylinder is 6 pin, and packed full of security features including our Patented anti-bump system, and anti-drill and anti-pick feature.

Overall Size	Brass Code	Chrome Code
70mm	ZLRIMBRASS	ZLRIMCHROME

As an important added feature, the Rim Cylinders can be keyed alike to the UAP cylinders which is a very important requirement. Furthermore, we offer a full Master Suiting service for these products!

UAP can supply a full and highly secure Master Key suite for larger commercial applications

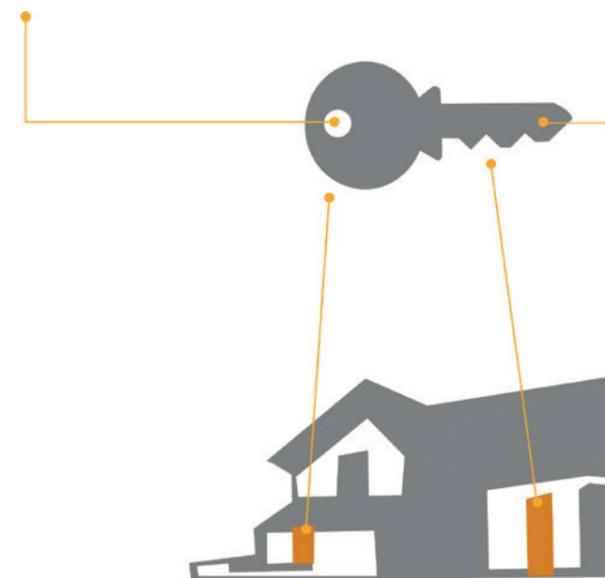

Master Keyed suites are ideal for:

- Local Authorities
- Sheltered Accommodation
- Commercial Premises
- Apartments
- Hotels

Mastersuite Cylinders

Access to front doors, back doors, garage doors and conservatories can be gained using just one key rather than having multiple keys!

For our most popular keyed alike, and master keyed sizes, we offer Shell Cylinders which will re-pin a cylinder in literally seconds. All you will need is an Allen Key and a Zero Lift set of pins, springs and caps.

For the other sizes, we offer a comprehensive re-pinning kit and free training DVD for non-kitemark cylinders

Custom Keyed Alike

Door Locks and Euro Cylinders

6 Lever Kitemarked Mortice Locks
